SCHWEIZER AGRICULTURE PASSIONATE INNOVATION FOR GROWTH

TM

WHO WE ARE

We are an agribusiness company that links agriculture science, agricultural technology with agriculture and provide accessibility to markets through electronic warehouse receipts.

TM

WHY WE EXIST

To lead local, regional, global efforts of food security, collateral management and control inputs by providing innovative solutions of supply chain around Zambia and the region in order to produce more, deliver on time and cost effective

TM

WHAT WE DO

Our agriculture strategy includes inter alia the following different value chain activities; provide and procure of crops, provide storage silos and handling of grain or other inputs, arranging for working capital through commercial banks for crop inputs such as seeds, fertilizers, agro chemicals and agricultural mechanization.

TM

HOW WE MAKE A DIFFERENCE AND IMPACT

We're a team of experts in the agriculture, agri-business, and digitalization, agricultural mechanization that generates outputs, both within management and within its shareholder base / board of directors. This is achieved through implementing innovative solutions that focuses on value addition (industry), markets, trade and providing insurance policies.
